Prox Eye ECO PLUS

Visual Guidance System, ZERO harm on worksites

ThePROX-EYE®ECO PLUS system uses HD cameras with field tested PROX-EYE® AI-powered detection to monitor surroundings, identify humans and vehicles, and issue timely hazard alerts. Durable and weatherproof, it helps reduce collisions, boosts operator awareness, and minimizes downtime on industrial sites.

Beyond monitoring, ECO PLUS offers smart incident recording, and advanced safety alerts, providing operators and companies greater confidence, accountability, and protection on the most demanding worksites.

PROX-EYE® ULTRA

FEATURES

- Detects and classifies human, industrial equipment, and vehicles with high accuracy High-definition cameras
- Weatherproof, shockproof, dustproof, affordable, and compact design
- Collision warning and classification powered by PROX-EYE® s advanced artificial intelligence
- High-resolution cameras deliver clear, detailed images
- Adjustable detection zones for reliable monitoring based on sites requirement.

EXCLUSIVE FEATURES

Smart Evidence Recording

Captures every incident with event-triggered recording.

Advanced Safety Alerts

Configurable alarms with G-Force sensor detects hard breaking on extreme acceleration.

Benefits of PROX-EYE ® ECO PLUS

Correct-Ai
Industrial Robotics + Artificial Intelligence

Multi-camera views reduce blind spots and improve driver awareness.

Event-triggered recordings protect critical footage during incidents.

GPS data supports route tracking and speed monitoring.

Auto power-on recording ensures nothing is missed.

Monitor & Camera Specifics

Recording & Storage

Supports microSD (up to 512GB)

Recording Modes: Manual / Automatic / Event-Triggered

Playback Directly on Monitor

G-forceProtection

When the G-force detects an impact, hard braking, or collision,
The monitor software automatically flags that video file as "event" and locks it so it cannot be overwritten, even if the SD card fills up

Monitor

7" LCD HD touch screen

Resolution: 1024 × 600

Brightness: 600 cd/m²

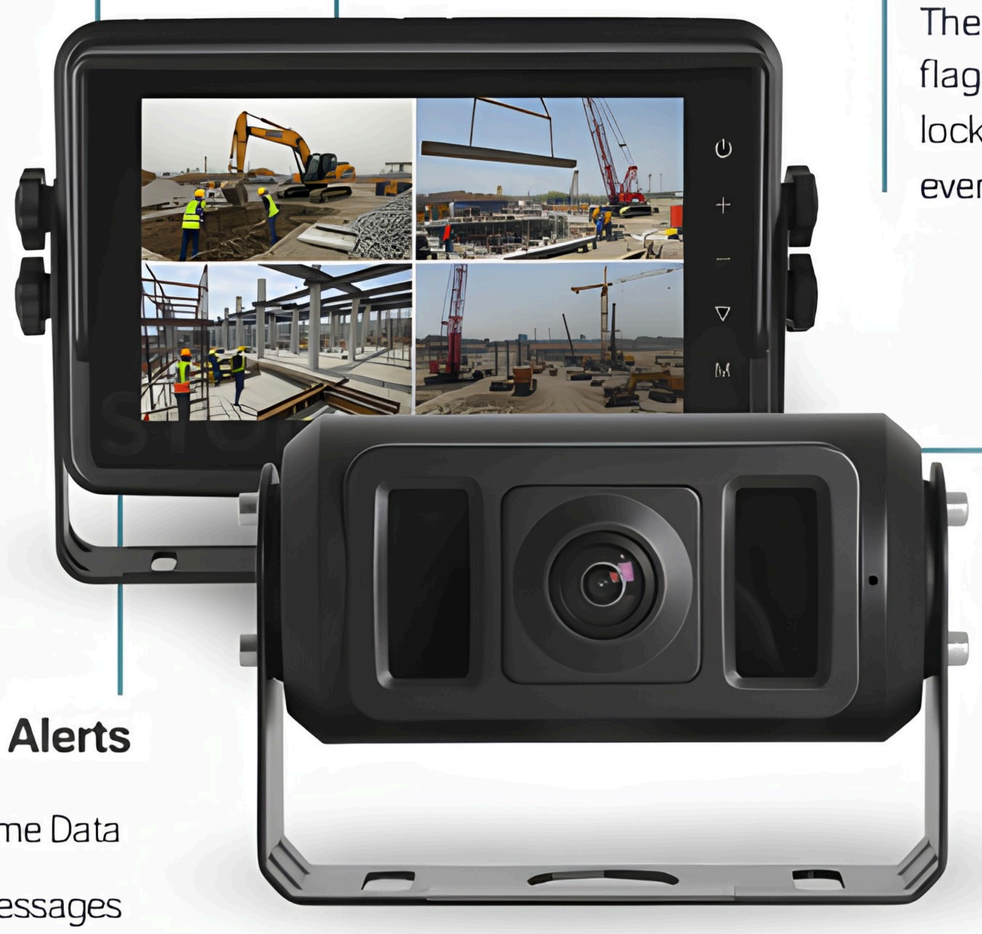
Contrast Ratio: 700:1

Viewing Angle: 85° U/D/L/R

Up to 4 cameras inputs

Adjustable Brightness & Backlight

Capacitive Touch + Remote Control



Camera

Up to 4 HD Cameras

Resolution: 1080p / 720p

Format: PAL / NTSC

Adjustable Parking Lines

Event-triggered Recording

Waterproof & Dustproof: IP66

Alerts

Records Time Data

On-Screen Warning Messages

Overspeed Alarm + Integrated Speaker
